

Banking Seminar Series

A two-semester Banking Seminar series presented by Citigroup business heads to National University of Singapore (NUS) Business School students. The series provides university undergraduates and post-graduates with a practical and topical appreciation of finance and banking, supplementing their business studies degree program. The topic areas covered included: Financial Sector overview, Risk Management, Consumer Banking, Corporate Banking, Investment Banking, Internet Banking and Economic Analysis. Over 2000 students and professors have attended this seminar series.
