

Internship & Student VP programme

The 'Be a VP for a Day' is a job-shadowing program launched in 2002. The objective of this program is to provide secondary school students with exposure to the daily work activities of business executives. Schools can inquire directly to Citigroup Corporate Affairs to obtain information on the current year's offerings for their students. The successful applicants will have the opportunity to shadow a Citibank Manager, Assistant Vice President or Vice-President for a day. Since 2002 over 40 secondary school students have participated in the 'Be a VP for a Day' program.
